THE BESIEGED PORT

The Japanese Line Has Been Drawn Still Closer Around Russian Stronghold.

IN THE VICINITY OF PIGEON BAY.

The Garrison Has Refused to Surrender and is Disinclined to Send Out the Noncombatants.

Japanese Shells Ignited Lighters in the Docks Which Contained Supplies of Coal, Resulting in a Terrible Conflagration.

Che Foo, Aug. 18.—According to news which reached here Wednesday the Japanese line has been drawn still closer around beleaguered Port Arthur. The right wing of the Japanese line has penetrated to the vicinity of Pigeon bay, while the center has moved forward from Faling Ching, which is south of Shusiyen and two miles north of the town. Chinese are authority for the above outline of the new Japanese positions.

Passengers on board the steamer Decima, which anchored off Port Arthur Tuesday night, witnessed the bombardment from Pigeon bay. The Japanese shells were visible during their whole course. They circled, comet-like, to the town and their explosions were marked by great splashes of fire which shot up into the sky. The bombardment from this and other points began at midnight and lasted until morning. The Russians did not reply to the Japanese fire. Major Seaman, formerly a surgeon in the American army, was a passenger on the Decima. He says the spectacle was most brilliant and awe-inspiring. The Decima weighed anchor from Port Arthur at 5 o'clock Wednesday morning. At some distance out she saw five Japanese warships guarding the harbor.

Tokio, Aug. 18.—It is reported that the Port Arthur garrison has refused to surrender and is disinclined to send out non-combatants.

London, Aug. 18.—According to the correspondent of the Daily Telegraph at Che Foo refugees arriving there bring news of a serious condition of affairs at Port Arthur. They say that Japanese shells have ignited lighters in the docks which contained supplies of coal, resulting in a terrible conflagration. Many of the buildings have been demolished and the hospitals are crowded.

London, Aug. 18.—The Shanghai correspondent of the Morning Post says it is reported that a Japanese squadron is coming there in consequence of the failure as yet to comply with the Japanese demand that the torpedo boat destroyer Grezovoi be disarmed or quit the port.

Commenting on the foregoing, the Morning Post says it thinks the Japanese are not in a mood to stand much nonsense and points out that there are now 18 foreign men-of-war at Shanghai, eight of which are American.

"If it comes to a scrimmage," says the Post, "it will be the duty of these men-of-war to keep peace and force the Taotai to do his duty. A gentle hint from the American admiral will doubtless have a quieting effect."

A dispatch to the Central News from Vladivostok, dated August 17, says the cruisers Rossia and Gromoboi, of the Valivostok squadron, have returned there.

BATTLESHIP CONNECTICUT.

The Traditional Bottle of Wine Will Be Broken Across Her Prow.

Washington, Aug. 18.—Despite the protest of the Christian Endeavor societies of Connecticut, the traditional bottle of wine will be broken across the prow of the battleship Connecticut when she is launched at the New York navy yard next month. On behalf of the Christian Endeavorers of Connecticut, H. E. Spooner forwarded to the navy department a number of petitions requesting that wine be not used at this function, but that there be used in its stead "Pure crystal spring water from the Connecticut hills against which for nearly 300 years no indictment had been found and which has played a vital part in building the sons of Connecticut into the sinews of the nation."

Have Left Port Arthur.

London, Aug. 18.—The correspondent of the Standard at Tien-Tsin says that Lieut. Newton A. McCully, of the United States navy, and Lieut. Decuverville, of the French navy, the only two naval attaches at Port Arthur, have left that port.

Have "starched things" quite dry before straching them, and let them lie 24 hours starched, and damp them well before ironing them.—Boston Budget.

BATTLE WITH MOONSHINERS.

Revenue Officer McCoy Shot Twice and Seriously Wounded.

Lexington, Ky., Aug. 18.—Deputy Revenue Collector J. L. McCoy, aided by Sherman Cope and Henry Freeman, of Breathitt county, engaged in a desperate fight with moonshiners at the head of the Licking river, in which McCoy received two loads from a shotgun, inflicting a scalp wound, grazing the top of his head, and the other penetrating the back, some of the lead entering the stomach.

The revenue man and his assistants had been searching for the still for the past week, and had just discovered it at the head of a deep ravine, which could only be approached from one direction, the sides and end being protected by precipitous mountain bluffs. When the posse arrived they found it deserted, although signs of a hasty departure were evident. The posse proceeded to break up the still with axes, but as soon as the first destructive blow had been struck a shot rang out and McCoy fell. He soon realized that his wound was not a serious one, and while giving orders to his assistants the second shot was fired, which compelled McCoy to retreat. Henry Freeman dashed out of the building and rushed up the hill whence the shots came. He ran upon four men in ambush and began a fusilade upon them with a revolver. The moonshiners beat a retreat into the woods and escaped.

Freeman returned to the still and assisted the others in completely demolishing it. One of the large vats contained 1,000 gallons of beer and another a large quantity of whisky. McCoy reached Jackson Wednesday, where he was given surgical treatment. It is not believed that his wounds will prove fatal. The identity of the moonshiners is said to be known to the officers, and as soon as McCoy is able to start out again he will go after them.

IGNORE THE WRIT.

Dr. Hunter Given the Certificate of Nomination.

Middlesboro, Ky., Aug. 18.—Although the Eleventh congressional committee was enjoined from meeting here Wednesday by Judge Faulkner, of the Laurel circuit court, the members disregarded the order and organized for business.

At 1 o'clock Judge Faulkner issued a mandatory injunction against them, citing them to appear before him at Barbourville. This they also disregarded and continued to canvass the returns of the congressional primary, and finally decided that Hunter had 191 majority and gave him the certificate of nomination. There were only 11 of the 19 committeemen present. The Edwards men characterize the action as an outrage.

Struck Sulphur.

Burkesville, Ky., Aug. 18.—The Royal Oil Co., while drilling for oil on the Hiram Wells farm, on Kettle creek, this county, instead of striking oil at a depth of 500 feet, a vein of sulphur 10 feet thick was struck. It will now sink a shaft and operate for sulphur instead of oil.

Louisville, Ky., Aug. 18.—The Eagle Coal Co., of Lexington, capitalized at \$87,000 of paid in stock, was sold to a syndicate of Ohio and Tennessee capitalists. The company is the owner of the Barren Fork mines, which are producing 8,000 tons of coal a month.

AMID GREEN TREES

H. G. Davis Notified of His Nomination For Vice President by the Democracy.

CANDIDATE FORMALLY ACCEPTS.

The Ceremonies Took Place on the Grounds of Green Brier, White Sulphur Springs Hotel.

Representative John Sharp Williams, of Mississippi, Delivered the Notification Address—A Reception and Cotillion in Evening.

White Sulphur Springs, W. Va., Aug. 18.—Henry G. Davis Wednesday was formally notified of and formally accepted his nomination by the democratic party for vice president of the United States. The ceremony took place in the open air in the grounds of Green Brier White Sulphur Springs hotel and were marked by simplicity in every detail. Mr. Davis was escorted to the flag draped platform at 1:30 o'clock in the afternoon by Representative John Sharp Williams, of Mississippi, who delivered the notification address. An invocation by Rt. Rev. Dr. W. L. Gravatt, of the Episcopal diocese of West Virginia, preceded Mr. Williams, who occupied an hour in speaking. It took Mr. Davis ten minutes to read his formal acceptance, but he prefaced this with a heart to heart talk of like duration to the several thousand friends and neighbors who were gathered under the trees as his audience. Senator Daniel, of Virginia, was forced to acknowledge a demand for a speech but declined happily and at 3:25 o'clock the ceremony ended.

Earlier in the day a formal letter of notification was handed Mr. Davis in the parlor of the hotel in the presence of the assembled notification committee. It was a simple statement of the action of the St. Louis convention with reference to his nomination. He took the letter without reading it and thanked the committee, saying he would respond later in the day and hoped for a victorious response in November.

A reception and cotillion in honor of the nominee was held in the hotel in the evening.

The day was a perfect one. The sun shone throughout and the pure air of the mountains stirred gently into cooling breezes. The scene of the ceremonies was ideally picturesque. Two huge oaks mingled their branches directly over the platform of the speakers. Four others in a semi-circle in front furnished shade for the spectators, while the greensward of a lawn a hundred years old tempted the listeners to sit. The upward slope of the lawn on all sides and the erection of a sounding board back of the stand made speech easy and the acoustics good. As a background for the whole were the surrounding Alleghenies forested in green.

Mr. Davis was the center of interest throughout the day. When it came his time to respond to the notification address he was kept standing some minutes while the audience expressed its enthusiasm. This affected Mr. Davis.

To the strains of "Dixie" and a medley of patriotic airs, the assemblage dispersed; not, however, until many of its members had mounted the platform and extended personal congratulations to the candidate. The invited guests, including those in Mr. Davis' private party, who occupied a roped off reservation on the left, were the first to shake the senator's hand. Mr. Davis will remain at White Sulphur until Friday, when he will return to his home at Elkins. His plans for the campaign have not been fully matured.

HYDROPHOBIA.

The Efficiency of Vaccination As a Preventative Shown.

Washington, Aug. 18.—Consul general Guenther, at Frankfort, Germany, has supplied the state department officials statistics touching the efficacy of vaccination as a preventative of hydrophobia. The substance of these is that only one and a half per cent. bitten by mad animals and vaccinated have died. The consul general says that the figures again show that Russia is the breeding place of hydrophobia.

Met a Russian Cruiser.

Gibraltar, Aug. 18.—The Orient line steamer Orooya reports that on the evening of August 16, when 60 miles east of Cape St. Vincent, she met a Russian cruiser, which steamed around her and then departed to the westward.

Washington, Aug. 18.—For the purpose of securing a more efficient administration of the law under which special agents of the general land office are appointed, Secretary Hitchcock has approved a plan of the commissioner of the general land office arranging the states and territories containing public lands into nine districts. An agent, to be known as special agent in charge, has been designated for each district.

Colorado, Utah, Kansas and Oklahoma comprise the Fifth district, Nicholas J. O'Bryan, Wyoming, agent; North Dakota, South Dakota, Wyoming, Nebraska, the Seventh district, Peter R. Wadsworth, Indiana, agent; Mississippi, Alabama, Florida, Louisiana, Missouri and Kansas, Ninth district, Mathew D. McEnery, Ohio, agent.

UNIFORMED RANK.

The Annual Review and Inspection Was Called Off.

Louisville, Ky., Aug. 18.—Social and amusements events predominated during the third day of the biennial encampment of the Knights of Pythias. The principal event of the day was to have been the annual review and inspection of the uniformed rank by Gen. Carnahan and staff, but owing to the poor quality of horses offered by the contractors and the trouble in securing mounts even for the officers on the day of the parade, the review was abandoned. Much disappointment was shown both by the public and the Knights at this turn of affairs.

The prize drills began at the Jockey club grounds Wednesday afternoon under the supervision of six United States army officers. Terre Haute and Seattle, Wash., teams were the only ones to drill Wednesday.

PLUNGED INTO THE RIVER.

An Automobile Went Through a Draw Bridge at Chicago.

Chicago, Aug. 18.—An automobile of the touring car type, carrying four persons, plunged into the river at Rush street Wednesday night when the bridge was open. In its descent the automobile turned over, throwing the occupants into the water, but clear of the machine. All were rescued within a few minutes by the crew of a tug and boatmen on the banks. The chauffeur attributes the accident to the refusal of the brakes of the machine to check its speed when he applied them. He said he saw the open draw and heard the warning cries of the people on the walk, but the machine would not respond to the brake, and before he knew it he was in the river.

NEGRO SHOT TO DEATH.

He Had Committed Two Robberies at Thomaston, Ala.

Mobile, Ala., Aug. 18.—Rufus Lessor, a Negro, was shot to death outside the calaboose of Thomaston, Marion county. He had been loafing around the place for several days and had committed two robberies. The second time he entered the home of Mrs. J. P. Hollis she was awakened and the Negro was frightened away. He dropped his hat, which led to his arrest. Gov. Cunningham has ordered an investigation of the lynching.

SENATOR HOAR'S CONDITION.

Was Resting Quietly Under the Influence of Opium.

Worcester, Mass., Aug. 18.—Senator Hoar was resting quietly at 11:30 under the influence of opium. He has suffered very little pain. Dr. Warren R. Gilman left the house at 10:30 o'clock. Gen. Rockwood Hoar said then there was no more reason to look for the end Wednesday night than there was at the same time Tuesday night. Senator Hoar's mind was perfectly clear up to the time the opium was administered.

MET ON CROSSING.

Terrible Collision Between an Express Train and a Train of Trolley Cars, Chicago.

MOTOR CAR TORN TO SPLINTERS.

The Second Car Was Badly Smashed and Dragged Along the Track For a Hundred Feet.

Four Persons Were Instantly Killed, Another Was Fatally Hurt and About 23 Were More or Less Severely Injured.

Chicago, Aug. 18.—Four people were killed, another fatally hurt, and 23 severely injured in a collision late Wednesday afternoon between an express train on the Chicago Great Western railroad and a train of three trolley cars bound for the Hawthorne race track.

The accident occurred at the crossing of 48th avenue, and the Chicago Great Western tracks. The train was coming into the city and, according to some witnesses of the accident, was running at high rate of speed. Others and the train crew declare that it was going over 20 miles an hour. The trolley train, which was made up of a motor car and two trailers, approached the crossing at a rapid rate just as the train came around a sharp curve to the west of the crossing. Motorman Ryan put on the brakes with all his strength in the effort to stop his car, but the brakes refused to work and with undiminished speed the motor car ran upon the tracks at the time the locomotive came up. The car struck the train between the engine and tender. The motor car was torn to splinters, the car immediately behind it was knocked over, smashed nearly to pieces and dragged along the track for 100 feet. The third car was not dragged from the tracks, and but for the fact that the couplings between it and the second trailer broke the list of injured would probably be much greater, as all of the cars were filled with passengers. Motorman Ryan remained at his post to the last, and was fatally hurt, his skull being fractured.

All of the persons who were killed occupied the seats in the front of the first car on the west side. One woman, who is as yet unidentified at the morgue, had just taken a seat offered her by William Tennis, of 1013 North Albany avenue, when the crash came. She was rolled under the motor car and horribly mangled. Tennis, after giving up his seat, went to the rear of the car, and escaped with slight injuries.

All the members of the Chicago Great Western train crew and the conductors of the trolley cars were placed under arrest pending the inquiry of the coroner, which will be made.

Among the seriously hurt are: W. B. Robinson, of Indianapolis; R. H. Sullivan, of Indianapolis, and Mrs. R. B. Brown, Westwood, O.

DEMOCRATIC TICKET.

For President.
ALTON BROOKS PARKER
of New York

For Vice President.
HENRY G. DAVIS
of West Virginia.

For Congress.
JAMES N. KEHOE
of Mason County.

THE New York Sun doesn't stay in one place long enough to give much light.

MR. BRYAN is more of a man than many who went off from the party and joined the gold movement, and who still take delight in abusing him.

THE New York Sun is one of the few papers of that city supporting Roosevelt, and the Republicans are welcome to all the comfort the Sun gives them.

SOMETHING must have struck our Republican friends in the East. They are now talking about a majority of only 12,000 to 15,000 in Maine. Their majority in 1896 was about 42,000, and four years later about 36,000.

SOME Republican editors are either grossly ignorant or wilfully engaged in trying to deceive their readers. Here's the Fleming Gazette referring to the New York Sun as "one of the leading Democratic papers of the country," adding that the Sun has come out strongly against Parker. For the information of Br'er Wilt we reproduce the following:

THE TRUTH AT LAST.

(New York Sun.)
To the Editor of the Sun—Sir: If not asking too much, will you please inform me whether or not it is true that the Sun supported the Republican ticket in 1896 and 1900? WILLIAM H. WASHINGTON.

Washington, D. C., August 12th.

It is not asking too much. We reply to Mr. Washington that we cannot tell a lie; we did it with our little hatchet.

A paper that supported the Republican ticket in 1896 and 1900 could hardly be classed as "one of the leading Democratic papers of the country," or as Democratic at all.

But you can hardly be skeptical about the merit of Doan's Kidney Pills when you read such emphatic local endorsement as the following:

Mrs. J. B. Gibson of 113 West Fourth street says: "The value of Doan's Kidney Pills is quickly made manifest by their use. I obtained them at J. Jas. Wood & Son's drugstore, corner of West Second and Market streets, and although my experience was not extensive, it was because their curative powers were so quickly demonstrated that extended use was unnecessary. The quick relief from backache which was obtained from the use of Doan's Kidney Pills caused me to recommend this valuable medicine whenever opportunity offers."

Is the Outlook For Corn and Tobacco in Some Sections of the State.

[Weekly Bulletin of Weather Bureau Aug. 16th]

The temperature averaged about normal during the week. Good showers were reported in many localities in the central and eastern portions of the State, but the drought is becoming very severe in the western portion.

Corn has been severely injured in the Western Section. Gardens are dried out and pastures are burning up. Tobacco is firing and is seriously injured in the dark tobacco districts, but in the burley districts showers have occurred and the general average is better.

In the localities visited by good showers the corn is very fine and all crops are good. Wheat threshing is about completed and a good yield of excellent quality is reported. Oats are about all threshed and a fairly good crop has been secured. Irish and sweet potatoes are in good condition, except in the drought-stricken districts.

Fruit continues to drop and deteriorate in quality. Apples will be a short crop and defective, and peaches will be scarce.

Plowing for wheat has been started, but in most localities the ground is too dry to work.

SERIOUSLY INJURED.

Mr John Pollitt of Bloomington, Ill., Probably Fatally Hurt at Decatur, Ill.

Mr. R. H. Pollitt is in receipt of a telegram telling of a serious accident that befell his son Mr. John Pollitt of Bloomington, Ill., Tuesday.

The latter was attending the Great Western races at Decatur, Ill., and was driving the trotter L. B. Thomas in the 2:27 race. In some way Mr. Pollitt was thrown from the sulky, the horse falling on him, inflicting injuries that will probably prove fatal.

Mr. Pollitt's oldest son Thurman has been here visiting relatives several days. He and his grandfather Mr. R. H. Pollitt and aunt Mrs. Sudie Holmes of Carlisle left Wednesday afternoon for Decatur.

The last news Wednesday evening from Mr. Pollitt's condition stated he was still unconscious, and that there was but little if any hope of his recovery.

MRS. NANNIE POLLITT.

Death Claims an Old Resident of the City.
The End Came This Morning,
After Lingering Illness.

Mrs. Nannie Pollitt, who has been ill several months suffering from disease of the stomach, died this morning at 8:30 o'clock at the home of her son Robert on Third street, east of Wood.

Mrs. Pollitt was sixty-seven years of age and was the widow of the late Robert J. Pollitt. Her maiden name was Reese. One daughter and three sons survive—Mrs. Lida Sidell of Covington, Robert H. and George W. of this city, and John A. of St. Louis.

The funeral arrangements have not been announced.

DIED WEDNESDAY.

Venerable David Burnett Passed Away at Home of His Son at Moransburg.

The venerable David Burnett died at the home of his son Leonard of Moransburg Wednesday afternoon at the age of seventy-five years. He leaves four children—one son, Leonard, and three daughters, Mrs. Thos. Stevens, who lives near Moransburg, and Mrs. William Wallace and Mrs. John Borish of Covington.

The funeral will take place this afternoon. Burial in Charleston Bottom Cemetery.

A revival at Fairview, Fleming County, resulted in eighty-two additions to the church.

W. M. Collins and son, the Fleming tobacco buyers, have bought a farm of 132 $\frac{1}{2}$ acres in that county, the price for land, crops, live stock, &c., being \$7,000 cash.

In an editorial the Cincinnati Enquirer of Tuesday had it that the Union forces at the battle of Gettysburg were commanded by General McClellan, while the fact is General George Mead was the officer in command. The former was not on the field.

Henry Haughey, who runs the mail wagon between Flemingsburg and Sharpsburg, sued a merchant along the route for 10 cents the other day. The alleged debt was for carrying a package to the merchant. After the suit was filed it was compromised before trial, but the costs and attorney's fees probably amounted to more than a hundred times the amount sued for.

Seven cars of timber have arrived and been unloaded for the big tobacco plant. Four more are in transit, and the remainder for building No. 1 will be loaded this week. All white oak and miscellaneous items were delivered some days ago by a local mill. As a matter of fact, no "sheeting" will be used in the construction of these buildings, as that is a commodity handled by dry goods stores.

A young fellow giving the name of Fred Howe, claiming Maysville as his former home, has been traveling through the West some time, looking for his parents. The young man says his father is Ben Frederick K. Howe, who served with distinction on the Confederate side in the Civil war. Fred turned up at St. Louis Tuesday, and repeated a story he has told at several points. He is probably a fraud.

The funeral services at St. Patrick's Church Wednesday morning held over the remains of Miss Nora Breslin were solemn and impressive, conducted by Rev. Father Jones, the pastor, assisted by Father Delaney of Mayslick. The Young Ladies' Sorority, B. V. M., of which deceased was a member, attended in a body, and from its number the pall-bearers were selected. The beautiful floral offerings attested in a degree the esteem and popularity of the fair young lady. After a short service at the grave, the remains were gently laid to rest under fragrant flowers from loving friends.
